WE WALKED ON  
\*\*\*June 10<sup>th</sup>\*\*\*

The Hearing Loss Association of America (HearingLoss.Org) represents 40 million people with hearing loss in the United States.

Walk4Hearing is one way they bring awareness to hearing loss and fundraise. Walk4Hearing is the largest walk for hearing loss awareness in the country.

We walked! Audiology Services raised over \$800.00 for HLAA!

Thank you to everyone who donated and participated in the walk! We had a wonderful day!!
